

Department of Computer Science and Engineering

EXPERT LECTURE

One Industry Expert Lecture on “**Reusable Design Strategies**” under TEQIP-II is organized by the Dept. of CSE for III B.Tech CSE Students in EDC Cell on 07 Mar 2014, **Mr. M. Naveen Kumar**, Senior Software Engineer, ARICENT Group, Bangalore **Ms. K. J. N. Sudha**, Senior Software Engineer, Indecomm Global Services, Bangalore are the resource person.

Mr. M. Naveen Kumar discussed about the Reusable of Software artifacts in the software development. He also delivered benefits of applying reusable elements on suitable portions on development. **Ms. K. J. N. Sudha** delivered about the identifying the reusable design elements to provide best features within a very short development time. The session was good, interactive and fruitful. Students are gained knowledge on High Performance Computing.
