

## Department of Computer Science and Engineering

### EXPERT LECTURE

Expert Lecture on "**Embedded in C**" under TEQIP-II is organized by the Dept. of CSE for II, III, IV B.Tech Students in Dasari Auditorium on 15 Nov 2013, **Dr. Amith P Kesarkar**, Scientist – SD, NARL, Gadanki was the resource person.

Dr. Amith, has discussed about the architecture of Embedded systems and different components involved in implementing real time applications. And he also discussed about the features of C-programming on implementing Embedded Systems. The session was interactive. Students gained knowledge on C on implementing Embedded Systems.
