22.05.2016

"A Seminar on Intellectual Property in Research and Innovation", May 20, 2016

A Seminar on "**Intellectual Property in Research and Innovation**" was inaugurated by **Dr. A. Senguttuvan**, Professor, Department of Computer Science and Engineering, SVEC on 20.05.2016. A total of 80 participants registered for the program.

In this Seminar the Resource person discussed about the various Innovations and the need of Intellectual Property Rights in the Research oriented work. Resource person quantified the difference between patents and copyrights. He also elucidated how to relate IPR with the Research. The seminar is very useful for the Researchers and gives the clear overview about the Intellectual Property Rights and Research. The Resource person also discussed about the various standard tools for projects and its importance in developing the R&D based projects.
