Expert Lecture

On

Introduction to Data Visualization using Tableau

Department of Computer Science and Systems Engineering have organized an Expert Lecture on **“Introduction to Data Visualization using Tableau”** on September 15, 2017 by Mr. N.Suresh Reddy BI-Developer, Service Now, Hyderabad. In his lecture he delivered about the Tableau Software and different types of Tableau software packages available like Tableau 10.3, 10.4, 10.5 and also explained about the Tableau Server and Tableau Public.

He demonstrated about Data visualization using bar charts and graphs and explained about the data sets available in Tableau and also explained about the importing and exporting of data sets in to the Tableau. He explained to students about the free license available in Tableau and also

demonstrated how to get the key.

After his presentation students interacted with him and clarified their doubts about why Tableau is better than any other visualization tools and how to use the tool completely for data visualization and analytics, input file types like JSON, PDF, Excel, etc.
