DEPARTMENT OF MASTER OF COMPUTER APPLICATIONS

A Two-day workshop

on

FILM DIGIT SHIFT

The Department of Master of Computer Applications organized a Two-day workshop on "**Film Digit Shift**" from 8th to 9th August 2012. The target group was Faculty and Students of V Semester MCA.

Mr. Umesh Bojja, CEO, WOW Magic Films, Bangalore discussed on the ways in which multimedia information is captured, processed, & rendered multimedia quality of service (QoS). He emphasized on subjective and objective comparison methods to assess user satisfaction, utility of QoS management schemes and the ability of unicast and multicast protocols to provide QoS guarantees.

Mr. Umesh Bojja, CEO, WOW Magic Films, Bangalore delivering a lecture

He made the session interactive and based on various examples for better understanding among the participants in cutting-edge technologies in multimedia using open source film digit software. Last but not the least when the house was open for questions the students were keen to ask and with the same level of enthusiasm they were justifiably answered by Mr. Umesh Bojja.
