

About ASCE SVEC Student Chapter:

The Department of Civil Engineering, Sree Vidyanikethan Engineering College has initiated the process of establishment of ASCE Student Chapter within the institute on 26th July 2017 and inaugurated the activities on 28th October 2017.

ASCE Sree Vidyanikethan Engineering College (ASCE SVEC) is a student-run organization that enriches the lives of civil engineering students through guest lectures, quiz programs, seminars, workshops, conferences, group discussions, debates, industry internships, field/site visits, industrial visits, orientation programs, newsletter preparation, technical report writing, social events, community service/outreach activities, e-learning and participation in programs organized by other ASCE Student Chapters, ASCE-IS and ASCE. ASCE SVEC Student Chapter regularly conducts annual meetings, executive committee meetings and other meetings.

By joining ASCE SVEC Student Chapter, students have the opportunity to interact with peers, faculty and professionals outside the classroom. Also, it provides a chance to keep oneself update with the recent engineering knowledge and trend.

Management:

The chapter management consists of One Faculty Advisor, Two Practitioner Advisors and Five Officers.
