

## **GOALS AND OBJECTIVES:**

### **Goals:**

- Majority of students in the Department of Civil Engineering are members of, and engage in, IGS SVEC Student Chapter.
- Student members develop and apply innovative, state-of-the-art practices and technologies for safe, resilient, and sustainable geotechnical solutions.
- IGS SVEC advances the educational and professional standards for geotechnical engineers.
- The industry and public values the essential role of geotechnical engineers in the society.
- Student members choose their career in Geotechnical Engineering.

### **Objectives:**

- Promoting cooperation among the Practicing Engineers and Students for the advancement and dissemination of knowledge in the field of Geotechnical Engineering
- Creating suitable environment for learning current trends and knowing about exciting professional/teaching/research opportunities in geotechnical engineering.
- Enhancing their ideology and ability in solving critical/typical geotechnical engineering problems
- Develop leadership skills and public relationship skills among the students
- Imbibe excellent oral and written communication skills in student members
- Exploring the possibilities of industry internships and placements for students
- Inspiring students to pursue higher education in geotechnical engineering
- Creating motivation and passion in engineering professional work
